The Jewish people: What we lack in numbers, we make up for in strength of spirit, creating an unbreakable bond that transcends all cultural, religious, geographic and economic differences.

This bond – our Jewish identity – unites us in a common goal to strengthen the weak

Support those in need

And celebrate the successes of our fellow Jews, whether next door or across the globe.

# Your Jewish Federation Changes Lives

Your Jewish Federation serves as the unifying force in Wake County and surrounding areas by providing resources, recreation, education, social support, advocacy and community events for Jews of all ages and observance levels.

## The Girl Next Door...

...whose parents enlisted The Jewish Federation to advocate on her behalf when Wake County schools failed to address a blatant act of anti-Semitism at her middle school.

## The Solitary Grandmother...

...who rekindled the magic of Shabbat with her peers when volunteers from The Jewish Federation began hosting Friday services at her Raleigh retirement community.

## The Fort Bragg Family...

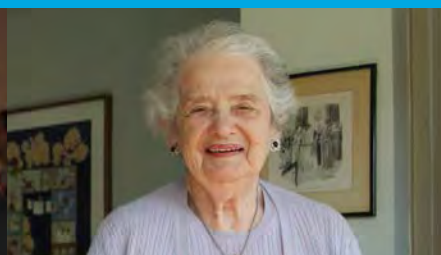

...who strengthened Jewish values in their children through The Federation's youth activities when they were unable to find Jewish programs locally.

## Jewish Children...

...whose lives are enriched through a fun and engaging summer camp experience surrounded by Jewish culture and rituals.

## The Jewish Social Worker...

...who lost her job and found herself in need of the very services and support she had provided to others throughout her career.

# Support Your Jewish Federation

Our Jewish identity is a shared consciousness that links Jews of all ages, backgrounds and affiliations in a commonality of purpose, tradition and culture. If we stand up and embrace our heritage, together we will create a more vibrant, connected and enriching center of Jewish life.
